target.

Summary

The target has elements of curving around, rough, smooth, some verticality and multiplicity. Some colors associated are white, brown // blue grey, dark // silver grey // blue.

Has some aspects of tubular or cylindrical, crossed, repeated connected. It had some sense of a pooled or Bowl-like feeling ^{maybe a Flowing Fluid} I found it interesting and it seemed designed or artistic. A spiraling ~~down~~ sinking element on one part

Aol's

Doane Flag fountain, water treatment, pipes, movie screen, projection. a drawing Sculpture, yellow school bus.
